

## Gaelscoil Cluain Dolcain

Gaelscoil Cluain Dolcain, Dublin

### What We Did

Instaspace was commissioned by Dublin Dunlaoghaire Education Training Board to manufacture and install Classroom Buildings.

We provided a 350m<sup>2</sup> steel framed modular, prefabricated classroom building, which consisted of 4 x 80m<sup>2</sup> classrooms with a toilet in each.

The pre-fab units were manufactured off-site, transported, craned-in and installed on site.

### Key Points

- The total turn-key project was delivered in 2 Phases each completed in 4 Weeks, to an agreed deadline.
- The complete mechanical and electrical fit-out was carried out to suit school requirements.
- We also provided floor covering and decoration to suit specific needs.
- Instaspace installed ramps and steps along with additional car parking and road markings
- All disturbed areas were landscaped.
- The total turn-key package was finished to the highest standard, in accordance with current building regulations.
- Instaspace also delivered on commissioning, testing and certification.
