

Rainey Endowed School

Rainey Endowed School Co Derry.

What We Did

Instaspace were commissioned by our client to install a fully functional School Building in a standalone position on the existing school grounds.

The timber framed construction system consisting of 49 modules made up of 4 classroom blocks, each containing 2 classrooms, stores, wc's and circulation areas. Also an Art Classroom, an ICT Room and a 2D Studio.

The phases of the project included the manufacture, transportation and installation of the bespoke prefabricated modular building.

Key Points

- Instaspace delivered this total turnkey package to the satisfaction of our client and in accordance with their particular needs and specification.
- The project fully complied with all current building regulations and was completed on time, in 7 weeks.
- We provided decoration and floor coverings, as per client specification.
